serma

Academic ERP · Higher education

— PRIVATE UNIVERSITIES, COLLEGES AND INSTITUTES

Your entire institution, on one platform.

Admissions, enrollment, class scheduling, exams, tuition and diplomas: one online system for your staff, your faculty and your students.

English · Français · العربية | Multi-campus | Offline roll call | Online payments

— WHAT SERMA CHANGES, DAY TO DAY

No more double entry
One student record, shared by the registrar, the bursar and every campus.

Time back for your teams
Roll call in seconds, grades computed, receipts and reminders sent automatically.

Your rules, not ours
Letter grades, GPA, percentages or a 20-point scale; ECTS-compatible credits.

Truly multilingual
Interface and documents in English, French and Arabic, with right-to-left support.

Real-time oversight
Enrollment, attendance, results and collections, consolidated campus by campus.

Secure by design
Isolated data, two-factor authentication, granular roles, audit log and backups.

— A SPACE FOR EVERYONE

Leadership and registrar
Approvals, exam boards, reports and a role-based dashboard.

Faculty
Roll call even offline, grade entry, class schedule and “My hours.”

Students
Class schedule, grades, documents, online payments and absence excuses.

Built for private higher education

Up and running in days · **serma.app**

FEATURES

The whole academic cycle, in one place

From admission to graduation, every office works from the same data.

Admissions and enrollment
Pre-registration, documents, approval
