The reality

Your team deserves better than spreadsheets

Today

- Scattered spreadsheets and double entry
- Averages and exam boards worked out by hand
- Reminders, receipts and certificates one by one

With SERMA

- One record, up to date in every office
- Results, minutes and transcripts computed with your rules
- Automated finance and documents

Getting started

Up and running in days, not months

1. **We open your space**
   In your colours, with your first administrator accounts.
2. **The wizard guides you**
   Structure, curricula, fees, team; import of your Excel files.
3. **You take the lead**
   Your teams are trained, you stay in control.
